EAST BERLIN TRUCKER IS BADLY HURT

Paul Lehr, 30, Harrisburg St., East Berlin, is reported in a critical condition at the Coal Dale Hospital where he was admitted following a smashup of the tractor-trailer he was driving on mountain roads near Coal Dale Sunday at 1 a.m.

Lehr suffered a fractured skull, three fractures of his right leg and a crushed right foot.

An employee of Harold Scheib, East Berlin, Lehr was delivering a load of fruit juices he had brought from Florida last week and was enroute to a small town 11 miles north of Carlisle.

AIR BRAKES FAIL

Details of the accident are vague due to the condition of the injured man but it is believed he drove his truck to the side of the road in order to avoid a passing auto, the vehicle crashing into an embankment when the air brakes failed to work.

It took passersby two and one-half hours to extricate Lehr from the vehicle, the motor of the tractor having been pushed back on top of him.

Lehr, father of six children, the eldest of whom is eight years, spent the weekend with his wife and family after arriving from Florida and continued on with his load of Florida products Saturday evening.

Moslem Demonstrations Break Out In Scores Of Algerian Towns, Villages

By ANDREW BOROWIEC
ALGIERS (AP)—Moslems demonstrated in scores of Algerian towns and villages and fired on French troops in at least four areas Monday and today, the French army announced.

The army said its troops "were forced to answer fire" and an undetermined number of persons were killed and wounded. Among those wounded was a French army officer.

The incidents flared up several hours after the cease-fire in the Algerian war went into effect at noon Monday.

The army stressed, however, that most demonstrations in towns and villages of the Algerian interior were peaceful and that in general organized rebel guerrilla groups were observing the cease-fire.

ACHIEVEMENT OF U.S. FARMER IS APPLAUDED

"There is no better propaganda in all the world than the success story of American agriculture," J. Glenn Miller, office manager for the Adams County Agricultural Stabilization and Conservation Committee, told Gettysburg Lions at a Farmers' Night meeting Monday evening at the VFW home here.

He said the vast production record of the American farmer "is an achievement of far greater consequence than putting a man in space. Meat, milk, poultry, fruits and vegetables in the hand are far closer to man's basic needs than a star in the sky."

"Our greatest defense against communism or socialism is to preserve, protect and promote this wonderful system of efficient, commercial family farms we have in America. This system is the strongest thread in the fabric of our society."

\$25 FOR EASTER SEALS

With a dozen farmers in attendance as guests, County Commissioner Clarence J. Waybright, a member of the club, was in charge of the program and introduced the speaker. President David Bloser presided.

The club voted \$25 to the Easter Seal sale and President Bloser called a meeting of the board of directors after the general session.

Miller, who has been ASC office manager for the last seven years, reviewed agricultural and business history, pointed out how transportation and some other interests have benefited by government subsidies to far greater extent.

MUTUAL FUND GROWTH TOPIC FOR ROTARIANS

How mutual funds operate was outlined to the Rotary Club Monday evening at its meeting in the YWCA by Bernard H. Grindlinger, of the brokerage office of Josephthal and Co., Hanover.

Growth of the mutual funds over the last decade has been rapid and various types of mutual funds are available. Some stress safety of investment and thus pay a lower return. Others stress possible higher return—based upon more speculative stock, and thus also have a greater chance for loss. The investor must study which he prefers before investing, Grindlinger said.

He described operation of the funds and how funds are invested in a number of stocks to spread the risk so that if one drops in value another might rise. The hope is that the overall picture would show an increase in value and return on the stocks. The speaker showed a slide presentation giving details of how the funds are set up with a board of directors and experts in the field of stocks, the ways stocks are chosen for investment and the operation of the funds through the nation.

During the meeting a collection was taken for the Gary Carr fund.

President Dr. Richard News-ham presided at the meeting. The speaker was introduced by Paul B. Fox.

State Police Nab Car, Gas Thieves

State police from the Gettysburg substation set up a road block just north of here late Monday night to apprehend three men who had failed to pay for gasoline at a Dillsburg service station and then discovered the car in which the men were driving was stolen.

The local officers received word by radio from the state police at Harrisburg to stop a car headed south on the Gettysburg-Harrisburg Rd. With four state police cars, the officers halted the vehicle near the old county home. They turned the three men, all negroes from Harrisburg, over to state police from the Harrisburg station without obtaining their names.

They learned from the men that the car was stolen. The three had stopped at the Rest Awhile Inn service station at Dillsburg, got \$3 worth of gasoline in the vehicle and then drove off without paying.

England Ready To Accept The "Absolute Minimum" Of Control Of Big Bombs

By JOHN M. HIGHTOWER
GENEVA (AP)—Britain told Russia today that it is willing to cut enforcement machinery to the absolute minimum in order to get agreement on a nuclear test ban.

Foreign Secretary Lord Home made an urgent appeal directly to Soviet Foreign Minister Andrei A. Gromyko in the 17-nation disarmament conference to accept a reasonable compromise.

There was no immediate Soviet reaction. Gromyko has been adamant against any inspection. However, he said Monday it would be "insulting" to suggest the Soviet Union would violate its word.

"WILL COOPERATE"

"We will cooperate both in the field of nuclear tests and of general disarmament in dividing the absolute minimum of verification," Home said. "But verification there must be, for without it we shall not gain the confidence even to begin to ban tests, let alone tackle the problems of wide-

CLUBS' PLANS FOR BOWLERS' DINNER OK'D

The Gettysburg Association of Clubs will sponsor a banquet for the 150 youngsters taking part in the recreation bowling program, the Recreation Board was told at its meeting Monday evening at the local high school.

Recreation Director Lee Raffensperger said the banquet will be held April 28 at the Veterans of Foreign Wars home, and trophies won by the youngsters during the bowling season will be presented. The bowling program has been underway for three years. This marks the first time a banquet has been held to bring the season to a conclusion.

Approval was given by the board for the Little League to construct a permanent fence around the Little League field in Recreation Park. Richard Smith, who appeared at the Recreation Board meeting to explain the plans, said permanent posts will be placed, then a wooden fence will be attached. The panels of the fence will be removable during the period the Little League is not in operation, and it will be possible to store the panels until the next year. For a number of years the Little League has borrowed snowplow to put a barrier around its field during the summer months.

ACCEPT FRAT OFFER

The Recreation Board accepted "with pleasure" the offer of the Phi Delta Theta fraternity to assist in getting the Recreation areas ready for the summer program.

Recreation Director Raffensperger announced that March 31 will mark the end of most of the winter programs with the exception of the dances held in the high school cafeteria, the men's volleyball, the bowling program and the "ladies' night program" held Wednesday evenings. About 18 men are turning out each Monday evening for volleyball, Raffensperger said.

NEED CLOTHING FOR CHILDREN AT AID CENTER

The Brethren Service Center which has almost daily calls for emergency help to Adams County families is "desperately in need" of donations of baby clothing, cribs, diapers and clothing for children up to 12 years of age, according to R. Kenneth Foust, service center chairman.

There is also an urgent need for most kinds of furniture, especially for single or double beds, springs, mattresses, all types of bed clothing and bureaus and dressers, Foust added.

Foust said the purpose of the center is to "help hardship cases, especially where children are involved." He added that "fine cooperation" is being experienced with the local welfare, Red Cross and health services.

STUDENTS HELPED

He announced a "work night" at the service center on next Tuesday evening, March 27, from 7 to 10 o'clock. The center is located along the Biglerville Rd. in the Ogburn body building warehouse, opposite the Brethren Church, Edwin Walters will be in charge and the workroom will be heated.

The Gettysburg College Student Senate recently conducted a clothing drive and turned over the articles collected to the center, Mr. Foust said. The Senate officers in charge included Gary Beckner as chairman; George Burnett, president; vice president, Dave Mumford; secretary, Gail Henrie; secretary, Barbara Brattig, and treasurer, Brian Bennett.

Mr. Foust said that while some clothing has been given to prisoners at the county jail, persons who suffer losses through fire or other emergency are given preference.

Arrest Woman On Forgery Charges

Miss Barbara Yvonne Summers, 28, 130 S. Washington St., was placed in the county jail Monday afternoon after pleading guilty before Justice of the Peace Robert P. Snyder to charges of forgery and false pretense.

Miss Summers was arrested earlier Monday by Maryland State Police at Frederick after state police here had sent out a description of the young woman Friday to police forces in the area stating she was sought on the charges.

State police here said the charges resulted from the issuance of \$58 in forged checks to the Hunt Ave. garage on March 10 by Miss Summers as the down payment on a car.

PAYMENTS TO STATE FUNDS FOR AGED OK'D

The Adams County Assistance Board has approved payments totaling \$7,000 to Adams County for 49 guests at the county home who qualify for aid under the Kerr-Mills Act.

The amount represents \$3,500 for January and \$3,500 for February. Exactly how much will be received by the county is unknown because the new federal program provides for the state to deduct from the grant as approved by the local assistance board "a small amount for administrative expenses."

In approving the allotments at their meeting Monday night at the assistance office on Chambersburg St., the board asked Director Verna Myers to keep in contact with the county officials to determine how much of the \$7,000 is sent to the county.

COVERS 49 GUESTS

The allocation represents varying amounts for the 49 guests on whom such payments were granted. In the case of 19 of the guests, the county was authorized the full \$103.40 a month that can be given for such care. The others were approved for lesser amounts based upon the sums they may pay the county, or which may be paid for them to the county by relatives. Some have small social security payments which are turned over to the county, some have varying amounts coming to them from annuities which they pay the county.

At the same time the board approved payment of \$1,350.26 under the Kerr-Mills Act to hospitals for medical care of indigent aged. Hanover Hospital was granted \$1,078.98 representing care of five patients in January and February. Warner Hospital had one patient for whom \$171.23 was allocated. University of Pennsylvania had one Adams County patient for whom \$190 was (Continued On Page 3)

Argentine Moves To Stop Peronist Activity After Surprise Upset Election

By SAM SUMMERLIN
BUENOS AIRES (AP)—President Arturo Frondizi moved today to outlaw all Peronist activity in Argentina again in an effort to stave off military leaders angered by the election gains of the ex-dictator's followers.

Government sources said Frondizi was drafting a decree to nullify all victories of Peronist candidates who scored a nationwide sweep in gubernatorial and congressional elections Sunday.

Frondizi already has decreed federal control in five of the 10 provinces where followers of deposed dictator Juan D. Peron won governorships and placed army commanders in temporary control.

The beleaguered president was reported drafting a new decree which would not only cancel out Peronist election victories but ban singing of Peronist songs, displaying of Peronist banners and any other demonstrations by fol-

Spring Trap On Two Thieves Who Return To Rob Shop Again

A well planned trap snapped shut on two Washington Negroes here Monday afternoon when they tried to steal suits from Hershey's Men's Shop, Baltimore St.

The pair was captured near the borough police station after leaving the Hershey shop. Police said the woman had three men's suits concealed under her skirt. Her male companion was caught after a short chase.

The two, listed by police as Ernest Moon, 32, Washington, D. C., and Thelma Jackson, 36, also of Washington, have been in the county jail since about 3:30 o'clock Monday afternoon after being arraigned before Justice of the Peace Robert P. Snyder on a charge of larceny of three suits.

RETURN WAS AWAITED

Donald Hershey, owner of the store, had been "looking for" the pair since February 21 when they came into his store and apparently took three suits. At that time the man engaged Hershey in conversation about purchase of a coat. He paid for the coat, after borrowing \$6 from his "wife" and an apparent argument between the two. Then the man went to the rear of the store with Hershey while the wife stayed in the front of the store. After they were gone, Hershey discovered three suits missing from the rack.

Believing the pair had a "regular route" which they covered to steal clothing which they later sold in Washington or Baltimore, Hershey and his employees decided to trap the couple if they returned again.

Monday afternoon the two walked into the store. Hershey welcomed the man and led him to the back of the shop to show him some clothes. Francis Noble, an employee of Hershey, according to the plan they had previously worked out, picked up a pair of trousers and told Hershey he had to take them down to "be fixed" and walked out of the store. Once around the corner of Baltimore St. onto E. Middle, he ran to the police station.

WATCHED BY POLICE

There officers waited a few minutes to allow the couple to steal if they so wished so they could be "caught with the goods on them."

When Noble walked back to the store he noticed the woman taking three suits as he looked through the door window. He entered as if he had seen nothing.

Meantime police and Quick Call Operator Donald Jacobs were watching. The couple walked down E. Middle St. toward the fire house. They were watched as they crossed the street to the alley and as they started down the alley Jacobs noted what appeared to be suit trousseaus of a suit dangle from under the woman's skirt. She immediately leaned over and adjusted what turned out to be three rolled up suits hidden under skirt.

TURNED LOOT OVER

Policeman Ray Breighner followed the couple down the alley, followed by Police Chief Jack Bartlett. At the intersection with the alley running beside the Plank building, Officer Breighner caught up with the couple and grabbed the woman. The man took off. Breighner turned the woman over to Bartlett and chased the man, catching him as he turned west on W. Middle St. (Continued On Page 2)

lowers of the ex-president. Frondizi moved swiftly as a two-headed regime emerged in the nation threatened with civil chaos. The president struggled to keep his four-year-old civilian regime alive, but across the street from his executive mansion in the War Ministry, the chiefs of the armed services forged a three-man junta to coordinate military plans to deal with the gravest crisis Argentina has faced since Peron's ouster in 1955.

MILITARY SPLIT

The military was reported split between one faction apparently satisfied with the measures Frondizi was taking and another group demanding absolute repudiation of all Peronist movements immediately, backed up by military force if necessary.

Frondizi displaced the governors of five of the provinces in which the Peronists won control and put the local army commanders in charge. He also named civilian (Continued On Page 3)

GIVES ADVICE TO AMBULANCE CREWS HERE

Problems in handling patients posed by electrical dangers were described to county ambulance corps at the engine house here Monday evening at a joint meeting sponsored by the Gettysburg Fire Department Ambulance Corps.

E. R. J. Diven, safety director for the Metropolitan Edison Co., stressed that when anyone has looked at an arc formed by wires splitting, or touching some object to cause an electrical arc, "put some ointment in their eyes immediately, blindfold them and take them to an eye doctor. They may say that their eyes have not been injured by the bright flash they have seen, but a flash burn can show up in four to eight hours later and cause great damage to the eye, including blindness. Don't wait and don't let them argue you out of it—get them to an eye doctor as quickly as possible."

WARNING ON BURNS

He also noted that "an electrical burn may appear only as a little dot on a hand, or on the heels where the electricity went out in the nails in the shoe. But don't let that fool you. Electrical burns are rotten. They may burn out the marrow of the bone, showing nothing but a small mark outside, then start to burn from the inside out. Take the person to the hospital to be under observation for at least 15 hours after the burn."

Urging extreme care where lines are down, he said: "The best bet is to assume that any wire is a live wire. It may not be sparking or showing any signs of being electrified but they can fool you. And if wires are down and you have to open a gate on a wire fence, do it with a dry wooden pole. The line can be down over the fence some distance away and be sending an electrical charge through it."

He urged that ambulance drivers "be very sure you can do mouth to mouth resuscitation before you try it."

"We had a case where one of our men attempted it, and the person he was seeking to help regurgitated. The would-be rescuer fainted and the injured person died. Learn the other methods of artificial respiration as well and use them if you fear doing mouth to mouth. In addition the various methods of placing pressure on the body provides some stimulation to the heart by moving internal organs. You don't get that in mouth to mouth resuscitation. If you use mouth to mouth learn also use of external pressure to massage the heart."

He urged the group, "Don't trust rubber boots and rubber gloves while handling wires. Use dry wood to move them. Rubber gloves are fine if they are protected by a leather outer covering, and if they are inspected at least monthly. One little pin prick in a rubber glove can kill you."

ANNOUNCES SCHOOL

Julius Swope, chairman of the Gettysburg Ambulance Board, presided at the meeting. Announcement was made of an ambulance school to be held by the Baltimore City Fire Department Ambulance Service and the Baltimore City Hospital at Baltimore on two Saturdays, May 5 and 12.

The course will teach such things as delivery and resuscitation of the newborn, respiratory rest citation in case of drowning, treatment of shock, legal aspects of emergencies, cardiac resuscitation and other details of ambulance use and care. Physicians from Johns Hopkins University Hospital, Baltimore City Hospital and the chief medical examiner for Maryland will be instructors.

The same course will be given on May 5 and 12 from 9:30 a.m. to 3:30 p.m. each date. A dozen indicated desire to attend Monday night. Those from the other county area ambulance squads who may wish to attend are asked to notify G. Henry Roth or the local Quick Call Center by April 1 so transportation arrangements can be made.

Students Want More Creativity

UNIVERSITY PARK, Pa. (AP) — College students of today want more emphasis on creativity—not grades—says Dr. Edward D. Eddy Jr., president of Chatham College in Pittsburgh.

He spoke at the opening session of a three-day eastern regional conference of the Intercollegiate Association of Women Students. These students, said Eddy, "are asking that more attention be given to creativity and less emphasis on grades."

WANTS PUBLIC TO INVEST IN MISSILE PLAN

WASHINGTON (AP) — Atty. Gen. Robert F. Kennedy told Congress today the administration is convinced the general public should be allowed to invest in a global communications satellite system.

"We believe that the general public, which has made this program possible through its tax payments, should be given an opportunity to invest and that that investment will protect the public interest," Kennedy said.

Kennedy, in prepared testimony, told the House Commerce Committee he believes it is essential to the public interest that it be allowed to take part "and that we do not turn this corporation over to a select few companies."

PLAN CORPORATION

The bill before the committee would set up a corporation to develop and operate the satellite system.

"The administration places great importance on competition because the communications industry is particularly susceptible to domination by one company—AT&T—and this possibility could extend to this proposed corporation," Kennedy said.

"I am not impugning the motives of AT&T," he added, "but pointing to an objective fact."

Kennedy said he recognized the special role of the communications industry and said their participation is wanted.

INSURE COMPETITION

"But," he said, "I do not believe that there is any justification for turning over this whole program, so heavily subsidized by the government, to the existing communications industry unless there are compelling reasons for doing so."

"I know of no such reasons," Kennedy said, "which help us to avoid domination by a single carrier. It will help to insure competition in all its ramifications. It will help insure speed."

"Such a corporation would be interested in developing the widest possible usage of the system as soon as possible. It will help to insure adequate private financing if we do not close the door to noncarrier investment."

HONOLULU (AP) — Defense Secretary Robert S. McNamara is expected to arrive here either tonight or Wednesday morning for another top-level conference on South Viet Nam.

Gen. Lyman L. Lemnitzer, chairman of the Joint Chiefs of Staff, said Monday he would meet McNamara for the fourth strategy session here on the Communist-beleaguered pro-Western government of Ngo Dinh Diem.

LOS ANGELES (AP) — Orchestra leader Manny Harmon and his wife have ended 21 years of marriage.

Rosalie Harmon won a \$315,000 settlement and a divorce decree Monday after she testified Harmon "wanted to do things by himself" and showed her no love or affection. She charged extreme cruelty.

"JUST A LITTLE BOY"

He's just a happy little boy... with mud upon his shoes... and as I looked upon him... my heart began to muse... about the days when I, too, played... with other kids like him... who were overflowing... with a thing called vim... in retrospect I walk with him... across the fields and streams... woven in his antics... sharing in his dreams... we even talk of this and that... as young hearts always do... and our mystic conversation... gives me faith anew... too soon I face reality... leaving behind my joy... a man who realizes that... he's still a little boy.

zens to arms" but so far there was no sign of the new upsurge of European violence expected after proclamation of the cease-fire.

Electric power was restored in Algeria's major cities at the end of a 24-hour general strike called by the secret army to protest the cease-fire. But most stores in European sections of Algiers remained closed and a week-long strike of transport and gasoline dealers continued.

BLASTS IN ALGIERS

During the night-long blackout, explosions rocked Algiers and thousands of Europeans whistled and beat the secret army rallying cry of "Al-ge-rie Fran-aise" (Algeria is French) on dishpans. A Moslem was shot and wounded in the suburbs. But it was a relatively calm night.

In the secret army stronghold of Oran, police found the bodies of three Moslems and a European killed in terrorist attacks, but officials described the night as quiet. Power was restored today and buses returned to the streets.

Secret army pirate broadcasts and fresh posters urged Europeans to carry on the fight against Algerian independence. Europeans draped French flags from their windows in Oran, but there were no immediate attempts to demonstrate.

intervenor. Early today it was learned that the military commanders were to turn over the reins of government to the civilian appointees when they reached the provincial capitals. Some military leaders were reported demanding that the military remain in control of the provinces.

The provinces put under federal control were Buenos Aires, Tucuman, Rio Negro, Santiago del Estero and Chaco.

ALERT ARMY, NAVY

It was understood that some military garrisons including army garrison and naval establishments had been put on the alert. Military commanders flew to Buenos Aires from all parts of the nation to confer.

Frontizi's action to appease the military touched off a chorus of protests from his own party, its allies and many foes. The mammoth General Confederation of Labor repudiated the government's action against the Peronist victory and said this had freed the union from any restraint at showing their disgust with the government.

EXETER, N.H. (AP) — New Hampshire Gov. Wesley Powell was reported in satisfactory condition today, recuperating from a mild heart attack suffered last Saturday.

A spokesman at Exeter Hospital said the 46-year-old Republican is progressing well.

Use at least ¼ cup each butter and grated Parmesan cheese for dressing a pound of pasta. Cook the pasta in boiling salted water just tender, then drain thoroughly. Using two forks, toss the pasta with the butter and cheese until the butter melts.

England

A British spokesman said the concept of control posts in a nuclear country had not been dropped, however.

COMPROMISE PLAN

Indian Delegate V. K. Krishna Menon then put forth a compromise plan of his own, based on Russia's concept of national inspection systems to police a test ban. He suggested that national inspection systems, such as those of Russia and the Western powers, be supplemented by a system to be set up in neutral countries. But Western officials considered the weakness of his plan was that it would not send international teams inside a country to verify the findings of outside detection stations.

Swedish Foreign Minister Osten Unden, also probing for some means to put a halt to the testing phase of the nuclear arms race, suggested that the Western powers and Russia seek to negotiate a provisional treaty which would lead into a permanent treaty later.

PRESSURE ON U.S.

The pressure obviously continued to build up on the United States to avoid resuming atmospheric nuclear weapons tests next month, even though there may be no agreement with Russia in the meantime as demanded by resident Kennedy.

Krishna Menon repeated what Prime Minister Nehru told Parliament Monday—that India begged the great powers not to test while the Geneva conference is under way.

Apparently with an eye on this block-the-tests campaign, U.S. Secretary of State Dean Rusk issued a statement saying the critical problem on a test ban treaty is how to get "the necessary amount of objective international scientific information and inspection."

"REMOVE SUSPICION"

He denied that international inspection would involve spying in Russia and declared: "What it would do would remove suspicion and provide confidence that agreements not to test are being adequately maintained."

In offering to cut enforcement machinery to a minimum, Lord Home said Britain is prepared to let Russia keep the military knowledge and advantage gained from its tests last fall if tests can be ended forever under an adequate minimum system of verification.

Home's overture to the Russians came as Western diplomats at the conference saw evidence that Soviet Premier Khrushchev was to keep East-West talks going on Berlin as well as on a nuclear test ban treaty and on general disarmament.

Romanian Foreign Minister Corneliu Manescu told the conference that it should accept Russia's proposed four-point program for total disarmament as the basis of negotiations. He also attacked Rusk's proposal as not worth discussing unless the United States spells out more precisely what it has in mind.

fensperger said, and added he intends to keep that program going as long as there is interest.

Interest continues high in the ladies' night program on Wednesday, he said, and as a result it will continue as long as the interest is shown. The ladies also are adopting volleyball as an activity, he said.

Twenty-three applications have been received so far for posts as playground help during the summer. Ruffensperger reported. Bills totaling \$196.70 were approved for payment. President Kenneth Dengler presided at the meeting.

Out Of The Past
From the Files of the
Star and Sentinel and
The Gettysburg Times
FIFTY YEARS AGO
Absurd And Ridiculous: The
Lincoln Way idea is absurd and
if adopted would "make the coun-
try ridiculous in the eyes of the
world" according to the Philadel-
phia Record which has the follow-
ing to say as an editorial: "The
Library Committee of the House
of Representatives is anxious to
have the \$2,000,000 appropriated
for a boulevard from Washington
to Gettysburg which would be
nearly as absurd as to spend the
money in deepening the Potomac
and calling the channel a Lincoln
Memorial Channel. The boulevard
to Gettysburg would be a rather
fine thing in its way and it might
not be a bad thing to celebrate
the semicentennial of the great
battle by beginning this work.
Public sentiment and art alike
demand a structure. Two designs
for such a memorial have been
prepared. One of them was de-
signed to be erected on the
grounds of the Soldiers' Home.
The other was designed for the
park on the margin of the Po-
tomac. It is the monument to the
memory and honor of the man
who saved the Union which it is
the duty of the Congress to erect;
and to use the money in making
a road anywhere, to Gettysburg
or Antietam or Bull Run, or to
Richmond would disappoint pub-
lic feelings, offend all the prin-
ciples of memorial art and make
the country ridiculous in the eyes
of the world."
Cashtown: On Monday after-
noon Clarence Redding of Gettys-
burg delivered J. A. Deardorff's
new Overland roadster to this
place. We now have in our town
three Overlands and two Fords,
and several others are about to
get cars.
Busy Time For Town Factories:
A busy summer is ahead for the
various industries of Gettysburg
and during the year it is expected
that a greater output of local
products will come from the town
than ever before in its history.
Within a very short time it is
expected that a full force of men
will be at work at the plant of
the Auburn Shale Brick Co. The
product of the local plant is re-
cognized as first class and the de-
mand will be fully as large as
the supply. The Reaser Furniture
Co. is now a month behind with
its orders. The plant is the busiest
place in town and is turning out
the finest kind of work for the
big city stores. An addition to the
factory will be started in the very
near future. The new addition
will be used for cabinet and mill
room work and will relieve the
present congestion. This morning
the first stones were hauled for
the new factory of the Gettysburg
Furniture Co. on the other side of
the railroad. Speese and Pfeiffer
have added to their tile estab-
lishment east of town a ditching
machine which can be used by
farmers who purchase their tile
at a great saving of time and
labor. The Gettysburg Ice and
Storage Co. expects even a bet-
ter year than last which showed
the largest gross business of its
history.
First Service In New Church:
On Easter Sunday St. James Lu-
theran congregation will worship
in their new church for the first
time. Only the Sunday School
room will be established at that
time but it will be ample for all
purposes. Contractor W. H. Johns
has assured the congregation that
all will be in readiness for the
Easter Service. The old bell will
not swing from the new belfry

Today's Talk
TIED DOWN
I recall reading in my news-
paper of the death of a very use-
ful man, an editor of a great
newspaper. He was very able,
much beloved, and an honor to
the profession. He was in the
prime of life.
But he took no days off. He
worked and worked. Until one
day he went to his office, com-
plained of a pain, and in a few
minutes he was gone from activi-
ty.
Soon thereafter a business
friend of mine casually remarked
that he was to take a trip in two
days to a distant city. "I'll go
with you, if you don't mind," I
said. "Good!" replied my friend.
So we spent a night on the sleep-
er and had a day with each other,
unhampered by telephone calls
and other interruptions of one's
business day.
Both of us returned refreshed,
for we had discussed in the free-
est manner many matters of busi-
ness and life and both of us pro-
fited from our little trip.
I so often have heard the re-
mark: "I haven't got time." Or
that other one: "I have so much
to do." My observation has been
that these very people are those
who have had the most time and
the least.
The constructive mind can
never be tied down. It must have
change, recreation, and diversif-
ied interests.
A leader or an executive loses
his identity and power just the
minute that he is tied down. The
true leader or executive must
play with worlds, and have the
freedom of the seas and air as
well!
All active human beings take
occasional trips to places they
have never before seen and enter
into activities that are out of
their own immediate range. The
great trouble with many presen-
day marriages is that they be-
come too much of a tied down af-
fair. Marriage should be an active
partnership with interests all the
time intersecting.
Take a little trip quite often!
Tomorrow Mr. Adams will talk
on the subject: "Be Superior To
Resentment!"

Just Folks
SPRING'S COMING BACK
Spring's coming back to the
world,
And joy's coming back to the
heart;
The banners of winter are furled,
The troops of King Blizzard de-
part.
The sun's climbing high in the
sky
And the clouds are beginning to
break,
And the roses, still drowsy of eye,
Are waiting the call to awake.
Though bitter the breezes that
blew,
And killing and chilling the frost
That tortured the long winter
through,
The faith that sustains wasn't
lost,
And now that the long sleep is
done,
The humblest of slumberers
there
Is awaiting the call of the sun.
The gladness of living to share.
The dreariest winter must pass,
And the sternest of trials depart;
The green must come back to the
grass,
And peace must return to the
heart.
What matter the snows that we've
known,
Or the drifts that about us were
whirled,
Contentment some day we shall
own.
Spring always comes back to
the world.

Plan Religious Census In Town:
The Gettysburg Ministerial Asso-
ciation has decided to take a re-
ligious census of the town with
the idea in view of getting a
larger attendance and member-
ship in the various churches. It
has been said that there are one
thousand people in Gettysburg
who never attend church.

This marks the 12th season for

coach. In 11 years the Cadets
have won 110, lost 80 and tied 4.

JEWISH WOMAN CREDITED FOR HELPING RACE
By JOY MILLER
NEW YORK (AP)—She was a
small woman, and she once said
she was able to work 18 hours a
day because she kept the Sab-
bath and had a cast-iron stomach.
She was Henrietta Szold, who
50 years ago founded Hadassah,
women's Zionist organization of
America, with 12 women. Today
its 318,000 members begin a year-
long celebration.
The national chairman of the
golden jubilee, Rose Halprin,
ranking Zionist woman in the
world outside Israel, recalls Miss
Szold as "very quiet, but with a
bit of a temper; without ego, tre-
mendously creative."
Born a rabbi's daughter in 1860,
Miss Szold was as militantly de-
voted to American democracy as
she was intensely Jewish. "She
was a good example of the synthe-
sis of two cultures," Mrs. Hal-
prin points out.
A teacher, writer, translator,
historian, Miss Szold established
in Baltimore the first night
classes for immigrants.
In 1909 she visited Palestine and
was appalled at the high mortali-
ty rate of mothers and babies.
Back in this country she organ-
ized Hadassah—which is Hebrew
for Queen Esther—and in 1913
sent two trained American nurses
to Palestine to begin mother-child
care as a start of a health pro-
gram.
During World War I Hadassah
was asked to send a medical
unit. A group of 44 doctors,
nurses, dentists and sanitary en-
gineers landed in 1918, set up
hospitals in five major cities and
a nursing school in Jerusalem.
Hadassah's medical unit was to
Miss Szold the beginnings of
"countrywide constructive insti-
tutional medical service," and in
effect laid the groundwork for
public health in what later be-
came the state of Israel.
"GREATEST JEWISH WOMAN"
Today the huge medical center
at Kiryat Hadassah—Hadassah
Town—on Jerusalem's outskirts
carries on the original preventive-
curative approach by consolidat-
ing its healing, teaching and re-
search facilities.
After Hitler came to power,
Miss Szold, then 73, started a ca-
reer in child rescue and rehabili-
tation. To date more than 100,000
Jewish youngsters have been
saved, educated and made a part
of the community.
She lived to be 84, still fighting
for the Zionist dream of a Jewish
national home in Palestine and
at the same time trying to estab-
lish friendly understanding be-
tween Arab and Jew.
"She was the greatest Jewish
woman of our generation," says
Mrs. Halprin, "and a greater one
than this generation has produced
or is likely to."

WITHHOLD ALL STEEL NEWS
PITTSBURGH (AP)—For the
first time since top level steel
contract talks resumed, the chief
negotiators failed to hold a news
conference following a bargaining
session.
However, sources close to talks
said there was no significance be-
hind the move following Monday's
meeting.
In addition, the session ran
three hours over the normal ad-
justment time, recessing at 7:30
p. m. until today.
However, the sources said the
extra time was needed for the
bargaining teams to study a mass
of figures. They did not elaborate.
WAS CUSTOMARY
Prior to Monday's session, it
had been the custom of David J.
McDonald, United Steelworkers
president, and R. Conrad Cooper,
head of the industry's negotiating
team, to meet with the press fol-
lowing a session.
Usually, nothing more than a
statement that the negotiators had
been working hard and would
meet again came out of the news
conferences. However, the nego-
tiators sent word after Monday's
session that they had nothing to
say.
McDonald and Cooper have
been meeting since last Wednes-
day in the second round of talks
for a new contract for 430,000
basic steelworkers.

PHILIP
"Now Philip was of Bethsaida, the city of Andrew and Peter."
—John 1:44
The Bible tells very little about this Apostle, save that he was a fellow townsman of Andrew and Peter; and apparently among the first of that little band of Galileans to follow Jesus from the outset of His ministry.
It is clear that Philip had a practical, perhaps even a mathematical turn of mind, for when the hungry multi-
tude that followed Jesus had to be fed, He turned to Philip and asked:
"Whence shall we buy bread, that these may eat?"
Philip apparently made a quick estimate of the num-
ber of persons in the crowd and told Jesus:
"Two hundred pennyworth of bread is not sufficient for them, that every one of them may take a little."
There is another indication also (John XII:20-22) that Philip acted as a kind of informal secretary for Jesus. When a number of Greeks, who had come to the Passover feast at Jerusalem, wished to talk with the Nazarene, they sought out Philip.
"Sir," they told him, "we would see Jesus."
Like others of the Disciples, Philip often found it difficult to understand Jesus' words, and His profound meanings.
Jesus told the little company: "If ye had known me, ye should have known my Father also: and from henceforth ye know Him, and have seen Him."
But this assurance only confused Philip. He said, "Lord, shew us the Father, and it sufficeth us."
A little sadly perhaps, Jesus asked Philip then:
"Have I been so long time with you, and yet hast thou not known me, Philip? He that hath seen me hath seen the Father; and how sayest thou then, Shew us the Father?"
Philip was with the other Disciples at Jerusalem after the Ascension. And again on the day of Pentecost he is mentioned.
But following that day, our only account of him is tradition, according to which he went as a missionary to Phrygia and was later martyred and buried at Hierapolis.

BUSINESSMEN WAITING FOR SPRING SPURT
By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—It's spring
today and high time. Many busi-
nessmen, whether in manufactur-
ing, transportation or retail trade,
have spent the last several weeks
worrying.
Was the midwinter setback to
activity due to unusually bad
weather or to a more basic slow-
down in the rate of economic
growth? Was it a breather in the
upturn or the first warning of a
recession?
They look to the next six weeks
or so to tell them — and in a
tangible form, much more con-
vincing to most persons than the
predictions either of officials in
Washington or economic sooth-
sayers in industry or analysts of
stock market trends.
MORE HOPEFUL NOW
The outlook at the equinox is
much more hopeful than just a
month ago. Then some of the
prime statistics showed a turn-
down in January. Today the fig-
ures for February, although still
mixed, show that many of the
delinquents are back on the high
road again.
Merchants, who have been par-
ticularly plagued by snow and
wind storms and floods and by
consumer doubts about the future,
are counting hopefully on the late
Easter (April 22) to mean that
April sales will be much larger
than those of the first three
months of the year.
Auto dealers report sales very
good for the time of year. Gar-
ment merchants and vendors of
home furnishings are hoping for
a burst of springlike weather to
blast traffic in their stores.
BASIS FOR HOPE
The statistics of recent days
give them a basis for this hope.
Wages and salaries increased
sharply in total volume in Febru-
ary to send personal income of
Americans to a record annual
rate of \$432.8 billion. The January
slump was more than reversed.
Payroll increases, due to a longer
work week, was a major reason.
This tied in with a recovery in
industrial output in February to
the record pace set in December.
Again the January dip was
erased. Production of materials
and industrial machinery set a
high in February.
Employment rose in manufactur-
ing and other nonfarm activi-
ties. And the percentage of un-
employment to the total work
force declined.
Offsetting all this good news
somewhat was the official report
that new orders received by man-
ufacturers of durable goods
dropped 3 per cent in February
from the month before, the first
decline since the business recov-
ery began a year ago. Sales of
these manufacturers increased,
but total backlogs of unfilled
orders remained high.
Will the consumer spend freely
on the usual spring items: cars,
homes, furnishings, clothing, rec-
reation? Will business confidence
build up and its spending for ex-
pansion and inventory also rise?
Will the stock market shake off
its winter hesitancy?
We should know shortly, now
that spring is officially here.

HOW NOW?

Kemmerling, of Pine Grove, was

he tried to arrest Kemmerling on

How ya gonna keep him down on the farm when he wins ball games for you—especially when he's 19 years old and powers 380-foot home runs?

You're not, concedes Los Angeles Angels' Manager Bill Rigney.

His current phenom is rookie shortstop Jim Fregosi, from Woodside, Calif. All Fregosi has to do to nail down a job with the Angels is finish the exhibition season with a .250 batting average.

That shouldn't be too hard at the rate he's going. He whacked a 3-run inside the park home run Monday—a 380-foot shot—in the sixth inning to break a 2-2 tie and propel the Angels to a 6-2 victory over the Chicago Cubs, at Palm Springs, Calif.

HITTING .417

Fregosi also had a single in four trips to the plate and that brought his average up to .417. Last year, he spent most of the season at Dallas-Fort Worth and finished with a .254 average and only a half-dozen homers.

Dean Chance and Jack Spring divided the pitching for the Angels, who brought their exhibition record up to 5-3.

The two New York clubs, the Yankees and the Mets, continued their streaks but in opposite directions. The world champions clobbered the Milwaukee Braves 10-4 at Fort Lauderdale, for their ninth victory without a defeat. The Mets dropped a 1-0 decision to the Baltimore Orioles at St. Petersburg to extend their losing skein to five. Skinny Brown and Tom Baker pitched the shutout.

OTHER GAMES

In other games, the Boston Red Sox turned back the Cleveland Indians 2-1 at Scottsdale, Ariz.; the Houston Colts outlasted the San Francisco Giants 12-9 at Phoenix; the Los Angeles Dodgers downed the Kansas City A's 4-1 at West Palm Beach; The St. Louis Cardinals edged the Cincinnati Reds 5-4 at Tampa, and the Washington Senators outslugged the Chicago White Sox 15-12 at Pompano Beach.

Roger Maris, who still has not had a home run, collected a double and a triple to lead the Yankees' assault.

Bob Miller and Bob Botz combined to pitch a good game for the Mets, but they had no support. The only run came in the fifth off Miller on Brooks Robinson's triple and a fielder's choice.

Pete Runnels broke up the Boston-Cleveland game with a 2-out single in the ninth to drive in the winning run.

CAME BACK STRONG

The Colts bombed Jack Sanford for 11 runs on 10 hits in the first four innings. And, as it turned out, they needed the barrage because the Giants came back strong.

The A's blanked the Dodgers behind Ed Rakow for six innings. Bill Fischer, who came in the seventh, was the victim of all the Dodgers' runs.

Jim Maloney, plagued by a sore arm last season, started for the Reds against the Cards and in three innings walked seven men and was tapped for three hits, good for four runs.

Washington blasted off to a 15-0 lead against the White Sox, but then fizzled and had to stagger to the triumph. Pete Daley, Dale Long and Chuck Hinton hit early homers for Washington. The White Sox collected a half dozen runs in each of the eighth and ninth with Al Smith connecting for a grand slammer and Sherman Lollar hitting a homer with two on.

COLTS' BOSS, PAUL BROWN, WILL TESTIFY

BALTIMORE (AP) — Coach Paul Brown of the Cleveland Browns and Carroll Rosenbloom, president of the Baltimore Colts, were expected to testify today as the National Football League continued its defenses in a \$10 million antitrust suit.

The American Football League filed the suit, accusing the NFL of monopolistic practices and of expanding into Dallas and Minneapolis-St. Paul in an effort to undermine the new league.

The trial before Chief U.S. District Judge Roszel Thomsen without a jury began Feb. 26.

The judge dismissed several charges at the conclusion of AFL testimony. The NFL began its defense Monday, and attorney Gerhard Gessell said he expected to wind up the case next week.

One of the first witnesses called was Vince Lombardi, coach and general manager of the NFL's champion Green Bay Packers.

Lombardi testified that he advised two AFL coaches on how to get their teams started. He identified them as Lou Rymkus, former coach of the Houston Oilers, and Hank Stram, coach of the Dallas Texans.

The two men, Lombardi said, spent three days each with Packers officials in March and April of 1960. That was after the NFL had voted to expand into Dallas.

MARIS IS SORE AT PRESS FOR TRASH STORIES

By JOE REICHLER
Associated Press Sports Writer

FORT LAUDERDALE, Fla. (AP)—Roger Maris slumped on a bench in front of his locker in the New York Yankees clubhouse, wiped the perspiration from his brow and reiterated his newest edict: "No more interviews."

A newspaperman walked toward Maris, and with his face showing he had heard of Maris' declaration of policy concerning reporters, mumbled, "Hello, Roger."

Maris looked up. "I'm fairly certain you've already been asked this question a thousand times," said the reporter. "But—what kind of a year do you expect?"

"DON'T KNOW"

"I don't know," replied Maris. "Do you think you'll reach 61 home runs this year?"

"I don't know," said Maris. "How many home runs will you be satisfied to hit?"

"Don't know."

"Sure hot today, isn't it?" the reporter remarked, making his exit.

Maris looked at his companion. "Well, what did you expect me to say?" he growled. "New guys but the same old questions. How the dickens do I know what kind of a year I'm going to have. And if there's anybody who can predict how many homers I'm going to hit, he doesn't belong on this earth. He belongs up there."

Maris continued, "Look, I'm not going to change. I can't even if I wanted to. And I don't want to. I'm me, Roger Maris. I could have fed him a whole load of baloney. But I'm no politician. I can't say things I don't mean. And when I've got nothing to say, I say nothing. If the guy wants to get sore let him. I can't help that."

BEEN BOOED

Maris hasn't been treated kindly by the fans here. He has been booed, and when he left a game after suffering a rib injury, he was jeered. He blames a bad press. Maris' reciprocated by clamping up.

"When I came down here," he said, "I had made up my mind I would try to answer every question, no matter how silly, as best I know how. So what happens? I pick up a paper and see where I'm uncooperative and unfriendly. The people read this trash and believe it. I don't blame them. That booing I got made me feel terrible."

"So, no more interviews. The writers are going to rip me if I talk or if I don't. So I'm not going to say anything and let them write what they please—they're going to write what they want anyway."

Bullets To Open Football Drills

The Gettysburg College football squad will inaugurate its spring sessions on Monday, March 26, it was announced by head coach Gene Haas.

The Bullets will work out daily for the following three weeks in accordance with NCAA rules. At the conclusion of the drills, an intersquad scrimmage will be held. Approximately 40 candidates are expected to be on hand for the three-week affair.

CLASS B TILT IN SPOTLIGHT THIS EVENING

By THE ASSOCIATED PRESS
Class B action grabs the spotlight in the PIAA basketball playoffs tonight with both the eastern and western regional championships at stake.

Undeclared Darby, winner of the Dist. 1 honors this year, tangles with Mansfield, Dist. 4, for the eastern title at Hazleton.

And Edgewood, new champ of the WPAL, takes on Mercer Dist. 10, at New Wilmington for western honors.

The winners will meet Saturday night for the coveted Class B state championship.

All four teams are newcomers to the regional finals. None has won either a regional crown or a state title.

DAILY FAVORITE

Darby rates as the big favorite, having gone unbeaten this season including two interdistrict playoff victories over Fountain Hill and Hempfield. Edgewood, however, will be out to make it three state championships in a row for the WPAL Class B winner.

Fort Cherry won state honors last year and Wampum the year before.

Mercer and Mansfield each have one interdistrict playoff triumph to their credit. Mercer ousted Emporium 69-59 while Mansfield edged Montrose 43-41.

Meanwhile, in the only game on Monday night's schedule, powerful Jim Thorpe sewed up its berth in the Class C finals with a resounding 60-40 victory over Fairview.

CLASS C TITLE

The Olympians, winners of the Dist. 11 crown this year, led only 24-20 at halftime, but outscored Fairview 22-9 in the third period to put the contest on ice.

Paul Hydro and Art Guch sparked the winners with 16 and 10 points respectively. They combine for 17 in the big third stanza. Joe Hudock was high man for Fairview, the Dist. 2 champ, with 15 markers.

The Olympians will take on Clarion Saturday night at New Castle for the State "C" title. Both schools are making their first appearance as regional winners. The 1961 Class C champ, West Reading, was knocked out of the picture during its own district play-offs this year.

Jackson Keeps Chicago Alive

By THE ASSOCIATED PRESS
Jump-shooting Tony Jackson's accurate arm outside has been instrumental in keeping the Chicago Majors in contention for the Eastern Division lead during the second half of the American Basketball League season.

The former St. John's All-American collected 34 points—including seven 3-point field goals—as the Majors whipped the Hawaii Chiefs 112-108 Monday night in the only game played.

In closing its home season, Chicago moved into a virtual tie for second place with idle Pittsburgh. The Majors and Pittsburgh trail pace-setting Cleveland by one-half game.

Two Opponents Pick Ron Warner

Two opponents of the Gettysburg College basketball team during the past season have named Ron Warner to their opponent team.

Lafayette College named the Bullets scoring champion for the second straight year to the 10-man squad.

Warner was also the top selection of Elizabethtown College who named Bob Parker of the Bullets to the second team.

Larry Yohn Seeks National Title

UNIVERSITY PARK — Greg Weiss, Penn State's "greatest all-time gymnast," heads a group of four performers who'll represent the Nittany Lions in the national championship this weekend at the University of New Mexico. Joining Weiss will be all-around ace Tom Seward, of Philadelphia, and still rings performers George Williams, St. Mary's, and Larry Yohn, Littlestown.

ADVERTISE IN THE TIMES

ALL-FOE TEAM IS NAMED BY BULLET SQUAD

Tom Wynne, 6'5" forward from St. Joseph's, and Gene Harris, Penn State's 6'3" ace rebounder, were unanimously chosen by the Gettysburg College basketball team for its annual all-opponent team following a poll of the 12-member squad.

Wynne played a major roll in the Hawks' 80-79 double overtime victory over the Bullets in Philadelphia as he scored 37 points and grabbed 27 rebounds. Harris pumped in 21 tallies and came off the boards with 22 rebounds in the lone meeting with the Nittany Lions.

Chip Lundy and Bob Kauffman, two Lafayette sparkplugs, were honored on the first team with Delaware's Nate Cloud. Kauffman paced the Leopards in the scoring department against the Bullets with 18 points while Lundy walked away with 15 rebounds in Lafayette's 73-51 win at Gettysburg. Cloud, 6'6" Junior from Wilmington, proved to be more than the Bullets could handle as he swished in 20 tallies and registered 14 rebounds.

The Bullets' second team all-opponent honors went to Russ Gordon and Bruce Drysdale, Temple; Tom Pearsall of Albright; Dickinson's Gene Becker and Dave Tremaine of Navy.

Warriors Stymied For 8 Minutes

PHILADELPHIA (AP) — "The shot that beat us was quite a shot. A deflected coach Frank McGuire was speaking of Lee Shaffer's high-arching jump shot from the corner Monday night in the final seconds which gave Syracuse a 101-100 victory over the Philadelphia Warriors and kept their playoff hopes alive. Philadelphia leads the National Basketball Association Eastern Division semifinal series 2-1.

"You can't expect to win games when you get only one field goal in the last eight minutes," said McGuire. "The shot that beat us was quite a shot but it was more a case of us giving it away than them beating us."

The Warriors offense slowed down considerably in the final minutes. Wilt Chamberlain, explaining that no one apparently wanted to take the responsibility of shooting, said:

"Only Paul (Arizin) and myself would fire it. That hurt us as much as anything."

PAUL PENDER HAS DESIRE TO REGAIN TITLE

By BOB HOOBING
Associated Press Sports Writer

BOSTON (AP) — Paul Pender figures he has a big extra going for him in the April 7 rematch with Terry Downes—a burning desire to regain the middleweight championship.

Pender took time out from his fight camp routine Monday night and discussed his Boston Garden bout with the Englishman. Downes, whose crown is recognized in Massachusetts, New York and Europe, lifted the title from Pender in London last summer.

"I've got something extra to fight for this time," a smiling, confident Pender said. "After all, I had the title in our two earlier fights."

Pender retired after the 11th round of the bout in England, blaming a heavy cold for his ineffective punches.

"BET ON IT"

When asked if he planned to win back the championship, Pender said, "You can bet on it." Pender pointed out Downes' hesitation at fulfilling the rematch clause for the coming fight, saying it originally was set for Sept. 23, then January.

"Downes has done a lot of talking but not much action," Pender said. "At first he said he would not fight me again. Now he finds he's held off this long trying to hold the title as long as he can."

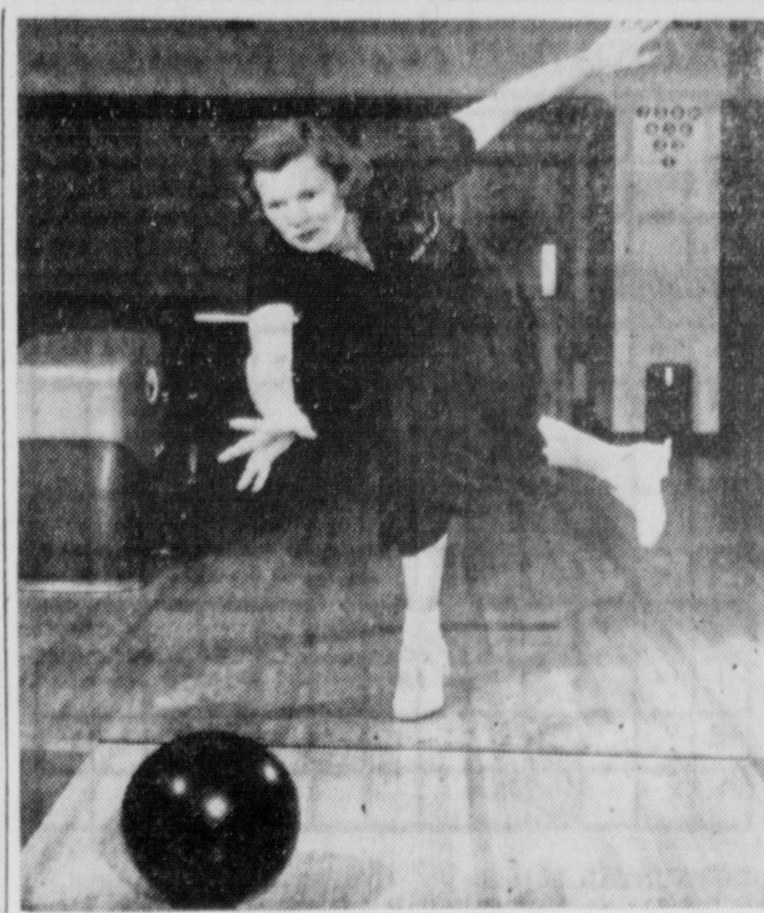

If Pender beats Downes as he says he intends, he'll be willing to meet NBA middleweight champ Gene Fullmer as early as June to settle the disputed crown. Pender said a fight with Fullmer was almost made when Paul signed for the big money against Downes in England.

McCall's Carries President's Art

NEW YORK (AP) — President Kennedy tried his hand at painting in 1955 while he was convalescing after a back operation. Upon recovery he gave it up, deciding he had no gift.

A Riviera scene painted by the President is carried in the current issue of McCall's magazine. Accompanying it is a picture by the President's wife, who introduced him to painting.

The Riviera scene, one of fewer than a dozen works by Kennedy, hangs in his Hyannis Port home.

Mrs. Ann Karrer, Philadelphia, a member of the Brunswick advisory staff of champions and one of the nation's top woman bowlers, will appear twice at Edgewood Lanes, south of here along the Emmitsburg Rd., next Sunday, according to Harold Kauffman, proprietor of the lanes.

Mrs. Kauffman will roll an exhibition match and give free instruction during her appearances at 1 and 8 p.m. She is a three-time champion in Philadelphia's match game tournament. She held the high series mark in the nation in 1953 with a 750 and again in 1955 with a 735. During her career she has a high game of 298 and high series of 750. Her top average was 198. She has won all possible titles in the Pennsylvania state tourney and Philadelphia City competition.

BRADLEY AND ST. JOHN'S IN NIT TOUGHIES

By JIM HACKLEMAN
Associated Press Sports Writer

NEW YORK (AP) — Bradley's nationally ranked Braves and St. John's of New York open their drives for the 1962 National Invitation basketball tournament tonight against a pair of eager opponents who could prove extremely hard to handle for the two seeded powers.

Bradley (21-6) meets Duquesne (21-5) in the opener of the quarter-final doubleheader at Madison Square Garden and St. John's (19-4) plays Holy Cross (20-5) in the second game. The winners advance to Thursday night's semifinals, which also match Loyola of Chicago against Dayton.

While Bradley and St. John's were sitting out the first round with byes, Holy Cross and Duquesne were impressively busy. The Crusaders, disposed of Colorado State University 72-71 in a rugged squeaker Saturday afternoon and the Dukies followed with a 70-58 rout of Navy.

WALKER IS THREAT

Bradley's chief threat, of course, is two-time All-American Chet Walker, the versatile 6-6 star who paced the Braves to the 1960 NIT title as a sophomore. Ed Wodka, Lee Edwards and Mickey Tiemann are Bradley's other seasoned regulars, while backcourt men Lavern Tart and Rich Williams are sophomore standouts.

Willie Somerset, a bull-shoudered 5-10 driver, spearheads Duquesne. He showed flashes of mastery in all phases of the game against Navy, including exceptional coolness for a sophomore. Duquesne was hardly tested against Navy and its performance was something less than inspired. But Bradley coach Chuck Orsborn was not lulled—and for good reason.

"We know how good they can be," Orsborn says. "They beat us (73-72) two weeks ago—and on our own floor."

TWO FOYLES

St. John's Redmen, who haven't been in action since nailing down supremacy of the New York area with a conquest of NYU 11 nights ago, have the problem of spiking a potential double-barreled weapon in their game with Holy Cross. Jack Foley, as usual, showed his patented scoring bursts with 34 points against Colorado State. But the Crusaders had a surprise gunner in Bob Foley, no relation to The Shot, who went 21 points above his average with 21 points and also was a bruiser under the boards.

Holy Cross' main project will be containing LeRoy Ellis, a 6-10 pivot with fluid moves and sprinter's speed. Ellis teams with spunky Kevin Loughery and sturdy Willie Hall up front, while Ivan Kovac and Donnie Burks handle St. John's playmaking.

Former Grid Youth Is Shot By Police

COLLEGE PARK, Pa. (AP) — A college student from Pennsylvania who was a football star in high school was wounded as he ran from police after tampering with an automobile, authorities said.

Ronald S. Alexander, 19, a student at the University of Maryland, was in satisfactory condition at a hospital with wounds in the abdomen and left knee. He started at fullback for New Castle, Pa., High School two years ago.

School said they fired two shotgun blasts after Alexander and a classmate, Howard T. Doyle Jr., of Jersey City, N. J., ran from a garage. The first was a warning shot, they said, and the second hit Alexander.

Police charged both youths with attempted larceny.

Two patrolmen had been watching the garage closely following a rash of car strippings in the area.

NATS WIN 1ST PLAYOFF TILT

By THE ASSOCIATED PRESS
The Syracuse Nats suddenly have found new life in the National Basketball League Eastern Division semifinal playoffs, thanks to rookie Lee Shaffer, who in four seconds changed from the goat of the game to the hero.

With their backs to the wall, the Nats, down 2-0 in their best-of-5 series with Philadelphia, bounced back to defeat the Warriors at Philadelphia 101-100 in the only playoff action Monday night.

GOAL BY SHAFFER

The victory came on Shaffer's field goal from the corner with 1:20 left in the game. That completed the scoring and gave Shaffer, who once played for Warriors' Coach Frank McGuire at North Carolina, a total of 30 points, high for the Nats. Only four seconds before his field goal, Shaffer missed two free throws.

The series moves back to Syracuse tonight and the Warriors could wrap it up if they don't, the deciding game will be played at Philadelphia Thursday night.

In the Western Division playoffs, Detroit is at Cincinnati in their best-of-5 series. Detroit, leading 2-1, could eliminate the Royals by winning tonight.

Sweeney, Kilrea Are Top Scorers

NEW YORK (AP) — Springfield's star centers, Bill Sweeney and Brian Kilrea, remained in a close duel today for the American Hockey League scoring title as the season heads into the stretch.

Sweeney picked up three points last week to four for Kilrea, and with four games to go has a one-point edge on his teammate, 92-91. The two front runners have close pursuers in Barry Cullen of Buffalo, with 88 points, and Willie Marshall of Hershey, with 87, according to official statistics.

Springfield's Eastern Division leaders, with the best record in the league, also lead in goals (274), assists (284) and total points (758) and have yielded the fewest goals (179). In addition to Sweeney and Kilrea, the Indians have Jimmy Anderson, Floyd Smith, Bill McCrea and Bruce Cline among the top scorers, and Marcel Paille as the No. 1 goalie.

Paille, who gave up only six goals in four games last week, has a goals-against average of 2.54. Buffalo's Denis DeJordy leads in shutouts with eight.

ATLANTIC CITY, N. J. (AP) — The twist has been recommended for football players. Sever Toret, line coach at Penn State, told the National Football Clinic Monday that the twist and other modern dances seem to make the players more agile on the football field.

BOB NICHOLS IS ST. PETE GOLF WINNER

By DUKE FERGUSON
ST. PETERSBURG, Fla. (AP) — Bobby Nichols, winner of the \$20,000 St. Petersburg Open, appears to be a young man on his way up in the golfing world.

The 25-year-old professional, playing out of Midland, Tex., picked up a \$2,800 check after posting an 8-under-par 64 in the final round Monday and headed for the \$50,000 Doral Open in Miami. Nichols' blazing finish gave him a 272 and a two-stroke edge over runner-up Frank Boynton of Corpus Christi, Tex.

Boynton, who finished with a 67, led the first two rounds and was tied for first at 54 holes.

Nichols was consistently among the front-runners. His cards read 71-67-70-64—272 enroute to his first pro victory.

GOALBY IS THIRD

Boynton, who won \$1,900 for second spot, turned in scores of 65-69-73-67—274.

Defending champion Bob Goalby of Crystal River, Fla., finished third, two strokes behind Boynton. He closed with a 66 for 276 and \$1,400.

Veteran Mike Souchak of Grosinger, N.Y., toured the 6,215-yard Lakewood Country Club's par-72 course with a 66 on the final round for a 72-hole total of 277 and \$1,200.

RENEW EFFORT TO KEEP OUT POLITICIANS

HARRISBURG (AP)—State Rep. Maurice Goldstein (R-Allegheny) has renewed his efforts to prohibit politicians from holding a financial interest in state-licensed harness race tracks in Pennsylvania.

Goldstein, in a letter over the weekend to State Harness Racing Commission Chairman Lawrence B. Sheppard, asked that the commission insert such a ban into the rules it will adopt to govern the sport in the state.

Goldstein was unsuccessful in his attempt to insert such a stipulation into the racing law during the 1961 session of the General Assembly.

However, he contended this is within the commission's authority under a section of the Racing Act which provides that:

"If the commission determines that it is inconsistent with the public interest, convenience or necessity, or with the best interest of racing generally that any person continue to be a stockholder—the commission shall have full power and authority to order or direct each such stockholder or beneficial owner to dispose of his stock or interest."

"It is certainly inconsistent with the public interest and inconsistent with the 'best interest of racing generally' to allow public or party officials to possess financial interest in the operations of the tracks," Goldstein wrote Sheppard.

"Certainly, no public official or party officer, whether he be a Democrat or a Republican, should have a financial interest in a state-created monopoly," he added.

GRANT 4 LICENSES

The commission has twice postponed public hearings on the rules until it first completes its examinations of the proposals.

The commission was empowered by the act to grant four track licenses in Pennsylvania.

Thus far three have been awarded: one to Liberty Bell Racing Association, another to the Bucks County Racing Association and the third to Washington County Trotting Association.

James P. Clark, the Philadelphia Democratic finance chairman, heads the Liberty Bell organization, which is building a \$10 million track in northeast Philadelphia.

Dilworth Wants More Benefits

PHILADELPHIA (AP)—Richardson Dilworth, Democratic organization-backed candidate for governor, has urged Pennsylvania's 30 Congressmen to support a bill that would extend unemployment benefits.

In a telegram to the Congressmen Sunday Dilworth said: "The need for immediate action is especially urgent in Pennsylvania because of the expiration April 1 of temporary emergency legislation passed last year."

Dilworth, mayor of Philadelphia for six years until he resigned to seek the governorship, said that unless the bill now before the U. S. House is passed "thousands of long-time unemployed Pennsylvanians will be cut off from extended jobless assistance."

He also said the proposed legislation "will make long needed, permanent improvements in this essential program, which has proved its worth as a bulwark to our economy."

Cuba Unhappy On 'Gitmo Activities

HAVANA (AP)—Cuba has sent the United States a protest note accusing U.S. military personnel of stupidly hostile acts at the Guantanamo naval base.

The protest said deliberate provocation proved that the base at the southeastern end of the island was being used as a launching site for a "large-scale armed attack the imperialist government of the United States is organizing against Cuba."

The note, signed by Foreign Minister Raul Roa, cited 12 alleged incidents including charges that Cuban guards outside the base were fired upon.

REDS ESCAPE CAPTURE; 30 OF BAND SLAIN

By ROY ESSOYAN

TOURANE, South Viet Nam (AP)—Vietnamese troops flown in by U.S. Army helicopters have cleared a Communist-ruled valley in central Viet Nam but the bulk of the Communists apparently escaped, senior American advisers on the scene reported today.

The Americans said the Communists lost 30 killed, 17 wounded and 11 captured. This is a sizable force by the standards of fighting in this country, but far short of the victory the government had hoped for out of the hazardous operation. It was estimated up to two Red battalions escaped.

DROP 1,000 MEN

The government threw 1,500 men against the estimated 1,000 Communist Viet Cong guerrillas in the valley.

Twelve helicopters manned by pilots of the 93rd Helicopter Company from Ft. Devens, Mass., dropped nearly 1,000 of the troops at the mouth of the valley and on the steep slopes at the head of the valley in an effort to bottle up the Communist force.

But the Communists, either forewarned or reacting quickly, broke and ran to evade the pincers. Fighting was still reported on the outskirts of the valley. No figures on government casualties were immediately announced.

SULPHUR WELL CATCHES FIRE

GRAND ISLE, La. (AP)—Gas flames from a multimillion-dollar sulphur well, one of the world's most unusual mine operations, raged out of control off the Louisiana coast Monday with little promise it could be harnessed quickly.

No injuries were reported. The big well, owned by the Freeport Sulphur Co., caught fire Sunday night with an explosion that could be heard on the mainland seven miles away.

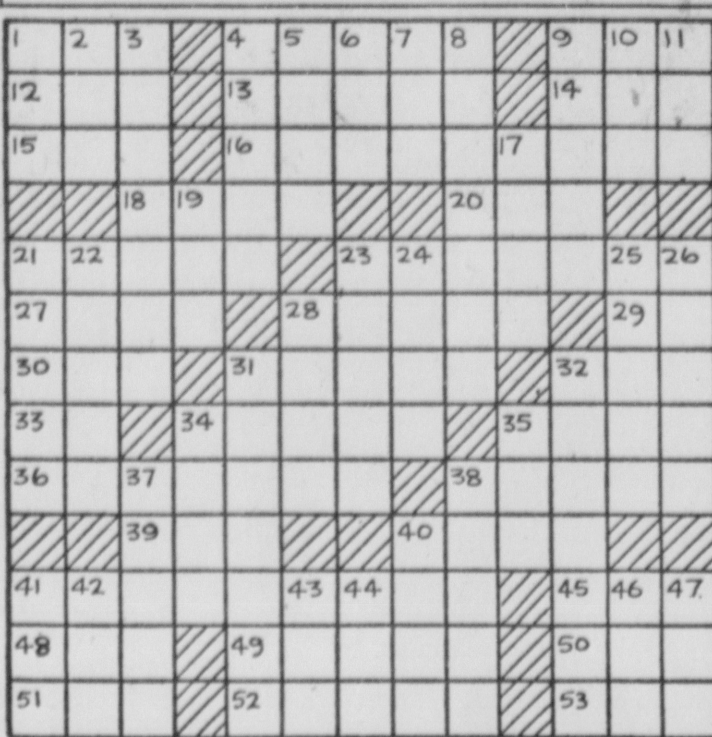

Flames 100 feet high lit up the waters of the Gulf of Mexico and were visible for 20 miles.

The blaze crippled the 100-foot derrick used atop the platform of the man-made island mine and melted much of the superstructure.

There were no official damage estimates, but the entire drilling platform on which the well is located is valued at \$20 million.

The sulphur well, reportedly the first of its kind ever drilled, is

WHITE MAN IS SOUGHT IN 3 NEGRO DEATHS

MARION, Ind. (AP) — Police hunted Monday a 26-year-old white former convict they said apparently killed a Negro couple and their elderly blind relative and kidnaped the 16-year-old daughter of the dead couple.

The ex-convict had been quoted as saying he was in love with the girl.

Sheriff Edward Riggs said David B. Niccum of nearby Swayzee, a former mental patient, was

America's newest national park. The underwater trail, a 250-yard circular route with 13 submerged markers, is located off Buck Island, about six miles from Christiansted.

wanted for questioning in the fatal shooting of George W. Harris, 50, his wife, Delores, 40, and Mrs. Harris' aunt, Naomi Robinson, 84, in their rural home near Marion.

GIRL IS MISSING

The dead couple's daughter, Karen, is missing as is the Harris 1953 station wagon.

Relatives found the bodies Sunday evening after stopping to inquire why the Harris had not attended church Sunday morning. Riggs said the three victims apparently were shot to death last Thursday, when they were seen last.

The Rev. W. E. Perkins, Negro pastor of Weaver church near Marion, told Riggs that Niccum had joined a Bible study class about two weeks after returning from California, where he lived for six months.

The minister said Niccum told him he was in love with Karen.

Stargazer Balloon Batting Only .333

CHICO, Calif. (AP)—The Stargazer balloon project batting average has dropped to .333 because of a faulty cast-iron ring.

The ring around the neck of balloon No. 3 snapped Sunday as the 400-foot, helium-inflated contraption rose 100 feet off the ground during an Air Force launch attempt. The balloon ripped open. The balloon was supposed to carry an instrument package 80,000 feet high, photographing the heavens as it soared toward the Pacific.

Balloon No. 1 exploded prematurely over the High Sierra several weeks ago. No. 2, launched a week ago, worked successfully.

JUSTICE IN HOSPITAL

WASHINGTON (AP) — Justice Charles E. Whittaker was absent when the Supreme Court met for Monday's session. It was announced that he had gone to Walter Reed Hospital for a physical

Find Wreckage Of 1945 Plane Crash

HOLLANDIA, West New Guinea (AP)—The wreckage of what is thought to be an American Dakota transport plane which vanished 17 years ago has been found 14,000 feet up in the central New Guinea mountains.

Robert Philip Temple, 22, of New Zealand, a member of a climbing expedition led by Heinrich Harrer of Austria, found the wreck on the north slope of Nga Pulu last Feb. 13. But the news reached here only today.

Temple could reach only part of the wreckage, in which were the bodies of two men. He retrieved some items to assist in identification.

A Bit Of History About Early Settlers

By B. F. M. MacPHERSON

HARRIET LANE JOHNSTON

The data pertaining to Harriet Lane Johnston, the niece and hostess of the President James Buchanan, is continued at this time. George Selheimer, the Pennsylvania historian, mentioned Mrs. Johnston frequently in his writings (continued from last week).

"It was not until Harriet Lane became the First Lady of the White House, notwithstanding other distinctions, that her social ascendancy reached its zenith. During Buchanan's administration as Chief Executive, the grace, beauty, and charm of Miss Lane were the theme of constant comment, exploited in all the newspapers of that day — even those opposed to the political doctrines of the President. Like her distinguished uncle, by whom she was trained and to whom she was devoted, Harriet Lane was stately. Her form possessed statuesque majesty. Every movement that she made was graceful. Her manners were frank and cordial. Her features were cast in the classic mold, and she had a mouth of remarkable beauty. Miss Lane was a blond, with deep violet eyes, and golden hair.

TRAGIC NOTE

"When the Prince of Wales (later King Edward VII), the son of Queen Victoria, was a visitor at the White House, 1860, Miss Lane's charming manners elicited universal praise. The White House, under the administration of Buchanan, declared the late Jefferson Davis, 'approached more nearly my idea of a Republican Court than the President's House has ever done since the days of Washington.'

In the life of Harriet Lane Johnston one note is struck with increasing frequency — and it is a tragic one. The death of her father and mother when she was but a child was the beginning. Brothers and sisters followed — later on her husband and two sons were lost to her by death and when she finally came to the end of her long life she was alone. Because of this the greater part of her vast fortune went to charitable institutions — the Chil-

dren's Hospital at Johns Hopkins, the Choir School at the National Cathedral (Episcopal), Washington, D.C., and the magnificent collection of paintings, bearing her name, now in the National Gallery. Nor was her adored uncle forgotten — she left the money to pay for the memorial to Buchanan in the nation's capital.

BURIED IN ONE PLOT

In the old City Cemetery at Lancaster, Pennsylvania, are the graves of some of Mrs. Johnston's family — of her generation. All are buried in one large plot.

"In memory of James Buchanan Lane, Born November 16, 1814, Died January 18, 1863."

Note: The brother of Harriet Johnston, who retired to Lancaster after his uncle's term as president and died there during the Civil War. Mr. Lane served as one of Buchanan's secretaries for a short time.

"In memory of Martha J. Lane, wife of James B. Lane, Born June 26, 1820, Died December 2, 1892."

Note: The wife of James Buchanan Lane was a native of Lancaster, Pa. This branch of the Lane family were members of St. James Episcopal Church.

3. "Sacred to the memory of G. Taylor Lane, Born May 13, 1815, Died June 6, 1862."

Note: Another brother of Harriet Lane Johnston and nephew of President James Buchanan. George Taylor Lane never married although he was, to quote one writer, "a most eligible bachelor."

4. "Sacred to the memory of Elliott Eskridge Lane, Born October 7, 1823, Died March 26, 1857."

"UNUSUAL PROMISE"

Note: Another brother of Harriet Lane Johnston — this young man died during his uncle's term as President. His death was a blow to both his sister and uncle. According to his published obituary he was considered "a young man of unusual promise."

5. "In memory of John N. Lane, Died January 30, 1855, Aged 79 years."

Note: John N. Lane was prob-

ably an uncle, on her father's side of the family, of Harriet Lane Johnston. His exact place on the Lane family tree is not known with any degree of certainty.

Next follows a row of children's graves:

6. "In memory of Jennie Lane, daughter of James B. and Martha J. Lane, Died November 1, 1849, Aged 3 years, 2 months and 9 days."

Note: The above inscription is self-explanatory — a little niece of Harriet Lane Johnston, the child of her brother and his wife.

7. "Sacred to the memory of Willie, son of James B. and Martha J. Lane, Died November 1, 1849, Aged 1 year, 2 months and 9 days."

DIED OF DIPHTHERIA

Note: According to the inscriptions on the grave markers, a son and daughter of James B. and Martha J. Lane died on the same day. Although the cause of death is not given in the obituaries, it was probably diphtheria for many adults as well as children living in Lancaster and vicinity died of that disease during the winter of 1848-49.

8. "Sacred to the memory of Mar- mie Lane, daughter of James B. and Martha J. Lane, Died July 21, 1851, Aged 10 months and 2 days."

Note: Another daughter of James B. and Martha J. Lane who died before she was a year old. The cause of death is not known.

9. "Sacred to the memory of Nellie, the daughter of James B. and Martha J. Lane, Died December 18, 1858, Aged 8 months and 24 days."

Note: Death apparently "cut a wide swathe" in the family of James Buchanan Lane. In the matter of children he was no more fortunate than his sister, Mrs. Johnston.

10. "Sacred to the memory of Pattie Lane, daughter of J. B. and M. J. Lane, Died March 7, 1861, Aged 4 years, 8 months and 7 days."

Note: It is interesting to note that this daughter of James and Martha Lane lived to the "ripe old age" of over four years, longer than any of her brothers and sisters.

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Joe College and Betty Coed are no toppers. A survey showed the latest fad drinks on Eastern campuses are mixtures of milk and soda pop. More than 70 per cent of the students abstained from hard liquor or took less than two drinks a week.

Who says you can't take it with you? A new men's suit on the market has 19 pockets, including a detachable pouch for carrying raincoats and a safety highway for your folding money.

UNUSUAL REMEDIES

Early frontier Americans had some unusual remedies: To cure a fit of sneezing, you looked at the tip of your nose with both eyes; eating hailstones was thought a good way to stop a fever; and if you ate sausages on New Year's Day you'd be healthy all year.

Stone curtain: The Great Wall of China—the "Iron Curtain" of its day—took centuries to build and stretched 1,400 miles, equal to about half the width of the United States.

Our quotable notables: "The art of government consists in taking as much money as possible from one class of citizens to give to the other."—Voltaire.

BENEFITS OF APPLES

Science-marches-on note: Laboratory researchers are working on these products—an automobile fuel made from vegetable derivatives, noiseless paper bags for noisy movie popcorn eaters, and (shades of Babe Ruth) a metal baseball bat made of plastic-coated magnesium.

History lesson: It has been said that ministers' sons often are ne'er-do-wells. But three became U.S. presidents. They were Chester A. Arthur, Grover Cleveland and Woodrow Wilson.

There is a bit of truth in the old saying, "An apple a day keeps the doctor away." Apples are the only common fruit which protects the alimentary canal against attacks of both constipation and diarrhea.

ONE SOUTHPAW IN 16

Left-handedness: The odds are about one in 16 that your baby will turn out to be a southpaw.

Wiscerack of the week: Orson Bean, star of "Subways Are For Sleeping," gives this definition of modern chivalry: "When a man races a woman for a subway seat—and she wins."

The good old days: The first successful gasoline-powered motor car was made by Carl Benz of Germany in 1886. It had three wheels and startled bystanders with its speed of eight miles an hour.

HEADS AND ANTLERS

Eternal rest on the installment plan: A cemetery in New Orleans rents tombs by the year. If at the end of that time the family doesn't ante up another payment, the bones of the departed are moved

DEACONS PLAY TEAM BALL IN NCAA PLAYOFF

By HAL BOYLE

COLLEGE PARK, Md. (AP)—Len Chappell is the All America standout, but Wake Forest will send a balanced, veteran team against Ohio State at Louisville on Friday in the semifinals of the NCAA basketball tournament.

Chappell, a 6-foot-8, 240-pounder led the Demon Deacons as usual when they won the Eastern Regional Tournament here during the weekend.

He scored 56 points and hauled down 39 rebounds in the games against St. Joseph's and Villanova, a couple of speedy teams from Philadelphia.

OTHER STARS

For the season, the senior from Portage, Pa., has tallied 879 points.

"It doesn't take extraordinary ability to make a million dollars," one said. "But it does take drive, and often you have to do without a lot of pleasures along the way."

"The big question is whether the money is worth what you miss. I'm not sure that it is."

To me a really tragic figure is a self-made millionaire who decides late in life that money really isn't everything, and that now it is too late for him to achieve the other human satisfactions he lost.

This realization sometimes comes with stunning force to many wealthy men in middle age. They were so preoccupied with piling up money that they never paused to consider what they would do with their lives when they at last had a sufficient pile.

LOSE HUMAN LOVE

When they do finally pause, they often find what they lost is human love. They often have a spoiled wife, spoiled and snobbish children, few remaining real friends. The people who fawn on them because of their money have no more character than the gnats that circle around a piece of overripe fruit.

The rich people most contented with their lot are those who have had big money in their family for several generations.

Having known nothing but the fat dollar since birth, they have no carefree poverty-stricken youth to recall, no memories of struggle. They take their social position for granted, and they use their money as a casual girdle of comfort to protect them from life's disarms. They never work for money; it works for them.

Being at ease with money, it confers on them an interior self-confidence and assurance the self-made millionaire rarely achieves.

So if you want to be a happy, satisfied man of wealth, don't moil your life away earning it. Just arrange to be born in an old rich family, in which huge bank accounts are traditional.

for an average of better than 30 a game. And his 441 rebounds averages out to slightly more than 15 per contest.

But the Deacons had other stars in the regional playoff, including 6-11 Bob Woollard, who was described by Villanova Coach Jack Kraft as the "big Difference" in the title game.

Woollard scored 19 points and grabbed 18 rebounds in the playoff battle. He had 12 points and 11 rebounds in the opening game.

Billy Packer, of Bethlehem, Pa., the 5-9 playmaker, turned in a sparkling performance, directing the attack from his backcourt position and scoring 35 points in the two games.

Packer sent the St. Joseph's game into overtime with a vital basket four seconds before the regulation time ran out. Against Villanova, he tallied five of the nine points in a Wake Forest string which decided the contest.

Wake Forest Coach Bones McKinney also praised Frank Christie Tommy McCoy and Dave Wiedeman for their defensive efforts in the title game.

The Deacons started slowly with a 9-8 record, but finished with a rush to win their last 12 games in a row.

Puerto Rico led all American Bowling Congress affiliated associations during 1961 with 1,299 teams, a gain of 259 per cent.

FREED'S SHOW BRIGHT AND ENTERTAINING

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—It would be nice if all of television's well-intentioned documentaries could be as bright and entertaining as Monday night's NBC excursion down the corridor of Hollywood years.

The program was called "Arthur Freed's Hollywood Melody," and it purported to be a history of "movieland musicals." It really was a tuneful, good-natured spoof of those big pretentious musical movies of the 1930s with a talented group of today's performers handling the comedy, dance and song.

Donald O'Connor and Nanette Fabray deftly took care of the clowning, and they had a little gem of a satire on the old waltzing mythical kingdom movies. Miss Fabray also had an imaginative number in which film clips from two old Nelson Eddy movies were used, but with Nanette playing the heroine instead of Jeanette MacDonald.

GOOD DANCES

Juliet Prowse and O'Connor had some great dance numbers, while Howard Keel and Shirley Jones handled the major singing chores. Even Richard (Dr. Kildare) Chamberlain unlimbered a nice baritone. And there was lots of good music—those old and familiar songs from movies dating back to "Forty-Second Street."

It was a most pleasant show. Oh, yes, Arthur Freed: he's the fellow who wrote the words to most of the songs (composed by Nacio Herb Brown) they sang. He also was the producer of a string of movie musicals, tantalizing samples of which were also shown—Young Judy Garland doing the trolley song in "Meet Me in St. Louis" and Louis Jourdan in one chorus of "Gigi," among them.

BALTIMORE

Cattle receipts 1,500 and calves morning show is a delight but who has never made much of a dent on the nighttime audiences, got a king-size break from Jack Benny Sunday evening.

Jack's program seemed more like a public audition of Shari's talents than a comedy show. He stood to one side in almost wordless admiration as Shari demonstrated that in addition to being without peer in the ventriloquism business, she can play the piano and violin a bit, sing acceptably, dance nicely and do high-kicks as well as a Rockette.

Recommended tonight: The Garry Moore Show CBS, 10-11 EST—entertaining comedy-variety, with Carol Burnett, Gwen Verdon and comedy team of Allen and Rossi.

Wilson C. Clapsaddle, proprietor of Little Valley Ranch, is the author of a feature article on "Judging Palominos" which appears in the January-February issue of the magazine "The Modern Horseman." The story is accompanied by a picture of Mr. Clapsaddle and his prize-winning palomino stallion, Valley's Gold Nugget.

Mr. Clapsaddle, who is coming into growing demand as a judge of palominos, owns seven of the breed in addition to prize-winning quarter horses from championship stock. His stables are located along the Littlestown Rd., south of Gettysburg.

Mr. and Mrs. Clapsaddle are the leaders for the Little Valley Ranch 4-Hers, a unit of the Adams County 4-H Horse and Pony Club. Valley's Gold Nugget, shown above with Mr. Clapsaddle, has carried off many honors in horse shows, especially in the parade classes.

YOUTH ADMITS PLOT ON COP

WILLIAMSPORT, Pa. (AP)—A 14-year-old boy arrested Saturday admitted plotting to kill Police Chief Albert Vorasky of Throop, Lycoming County officials report.

Probation officer Jack Bader on Monday said the youth, Paul Kelley of Linden R. 1, "has borne a grudge against Vorasky for years."

Bader quoted Kelley as saying he was "fed up" with Vorasky because the officer was always warning him to stay out of trouble during his trips to Throop, a small community near Scranton.

The threat against Vorasky's life first came to light Saturday after two Throop boys were picked up for allegedly firing shots at two school teachers.

TIPPED BY CALL

Bader said one of the boys told police of receiving a telephone call from Kelley saying he wanted to kill Vorasky.

Kelley and another 14-year-old boy were arrested immediately and charged with violating their paroles. The other youth has since been cleared of any connection in the alleged plot.

Bader said Kelley will be kept in custody until county juveniles court authorities decide what should be done.

Just last week, Kelley was placed on probation in an auto theft case. He is scheduled to undergo a psychiatric examination at Danville State Hospital April 13 in connection with that sentence.

Bader also said Kelley threatened a Williamsport city detective two weeks ago.

Johnston Back In Race Again

HARRISBURG (AP)—Harvey F. Johnston, a real estate broker from McKees Rocks near Pittsburgh, is back in the race today for the Democratic nomination for governor.

Johnston was assured of a place on the ballot in the May 15 primary Monday when the State Elections Bureau accepted his amended nominating petitions.

He joins Charles J. Schmitt of Erie County as the only opposition to Richardson Dilworth, the organization-backed Democratic gubernatorial candidate.

Johnston's original petitions were declared invalid on March 2 because he listed the postal

addresses of 125 signers instead of the municipal addresses, as required by law.

Last Friday, however, Dauphin County Court gave him permission to amend the petitions.

Johnston said he is running for governor to give voters a chance to express their objections to Dilworth. Schmitt is running on a platform of legalized gambling and lotteries.

The Elections Bureau.

The court also permitted these other potential candidates to amend faulty petitions:

Walter D. Knowles, Sayre, Democrat, for a House seat from Bradford.

Andrew F. Zerishnek, Pittsburgh Republican for Allegheny County's 16th House District.

William L. Miller, Philipsburg, Democrat, House, Centre County.

YOUTH PLACED ON PROBATION

HARRISBURG (AP)—Michael Louis Kennedy, 19, of Perth Amboy, N. J., was placed on probation Monday after pleading guilty to the stabbing of a Hershey dentist here Jan. 18.

Judge R. Dixon Herman of Dauphin County Court first sentenced the youth to 2-12 months in jail, then placed him on immediate probation after noting that he already had spent two months in prison awaiting court action.

Herman ordered the probation on the condition that Kennedy agree to continue undergoing psychiatric treatment.

SATISFIED WITH PLEA

Kennedy pleaded guilty to a charge of aggravated assault and battery in the stabbing of Dr. James D. Wrinkle, 36, at a mid-city parking lot.

Wrinkle suffered superficial wounds of the chest and right hand. William W. Caldwell, assistant district attorney in Dauphin County, said the prosecutor's office had conducted an investigation and was satisfied with the plea of the defendant.

May Amend Hays Signed Petitions

HARRISBURG (AP)—Democratic State Sen. Jo Hays of Centre County had court authorization today to amend his nominating petitions so that he may become a candidate for renomination in the May 15 primary.

Hays' original petitions were rejected last week by the State Elections Bureau on grounds that the loyalty oath had not been completed properly.

However, Hays, a two-term veteran of the Senate, claimed it was an over-ight and appealed to the Commonwealth Court.

Judge William H. Neely ruled Monday that Hays should be permitted to correct the faulty petitions and present them again to

Plan Racing At Williams Grove

WILLIAMS GROVE — The familiar roar of the stock cars will again pierce the air at Williams Grove Speedway this year. Track owner Bob Richwine has renewed his agreement with the Cumberland Valley Racing Assn. and will promote the modified (open competition) stock car programs on a weekly basis.

At a recent meeting of the CVRA, Henry Kinsey, New Cumberland, was re-elected president. Carl King, Palmyra, was named vice president, succeeding Lyle Beahm. Bruce Arnold, Mechanicsburg, was elected secretary-treasurer to succeed Duke Negley, Carlisle.

Other officials named for the new year were: Luther McCoy, Mt. Holly Springs, owner representative; Dick Tobias, Lebanon, drivers' representative; Dave Brown, York, mechanics' representative, and Duke Negley, chief

addresses of 125 signers instead of the municipal addresses, as required by law.

Last Friday, however, Dauphin County Court gave him permission to amend the petitions.

Around The World People Greet Spring By Planting And Planning For Future

By THE ASSOCIATED PRESS
It was a day for optimists, this first day of spring.

The old hopes of life and living, of planting for the future, defied the overhanging threat of nuclear warfare and the pessimism of bogged-down disarmament meetings.

A quick sampling of conversations around the Northern Hemisphere showed how people were thinking.

Harry Mervus, a London cockney, went at his spring planting with enthusiasm.

"Her's bombs didn't stop me," said Harry, "and ahm gonner put me in a garden just the same as always 'cause long as Englishmen plant gardens there's life and there's gonner be life as long as Englishmen plant gardens."

PAINTS TIN CAN

Citlote Dorantes, a maid in Mexico City, has stocked up on tin cans. She paints them, hangs them on a brick wall and plants pansies, violets and bachelor buttons in them.

"The rainy season is coming," she said.

Mrs. Suzue Tanaka lives near a beautiful lane cutting across Tokyo's Aoyama Cemetery. The lane turns to pink when the rows of cherry trees bordering it blossom in April. Then there is the traditional family outing.

Victor Feodorovich Isae, 55, who manages a collective farm just south of Moscow, has made big plans for spring planting although the land is still blanketed with snow. Isae intends to put half the 1,600 arable acres into feed crops for cattle—four times more than in the past.

NEED MORE MEAT

"Do you think it's too much?" asked Isae. "We are going in more for livestock."

Isae, in changing his planting pattern, took his cue from Premier Khrushchev who reported a shortage of meat.

Doubts about next fall's vintage clouded the feelings of Italian grape-growers.

"Tons of grapes have been lost because of frozen vines," said Giuliana Fallini, 22, daughter of a north Italian wine producer. "But we expect Italians to drink as they always have in the past."

SEASONS REVERSED

In the Southern Hemisphere, the seasons are reversed. People in Australia must dream of next spring.

Hugh McLeod's first child is 2 months old and he proudly tells one and all: "She smiles already. By spring she will be crawling. I'm sure." Frank Dunin is looking forward to planting prize daffodils in May, the time for bulb planting in Australia.

"They'll be a picture in August," he predicted.

It was a day for optimists, even where spring didn't begin today.

NAMED AS ENGINEER

PHILADELPHIA (AP) — The Pennsylvania Railroad Monday named Richard E. Franklin, 43, as director of industrial engineering. Franklin formerly held an executive post with Railway Maintenance Corp. of Pittsburgh.

MORE ALLOCATIONS

WASHINGTON (AP) — The Thio-kol Corp., Bristol, Pa., has been allocated an additional \$2,140,000 by the Navy's Bureau of Weapons to produce liquid-propellant rocket engines for bullet-propelled missiles, it was announced Monday.

tents that the American farmer and said: "The government cannot stay out of agriculture or business. If it did we would have less to eat and more and more persons would move from the farm to the poorhouse and the American economy would collapse."

"GREATEST DANGER"

He continued: "That segment of our people which has made the greatest contribution toward our economic well being is not sharing equitably in the bounty they have created and I speak of the efficient, commercial family farmer of America." He spoke then of the advantages labor and industry enjoy from government help through enabling legislation. "We must continue in business as many individual entrepreneurs in agriculture as is consistent with economic efficiency," he continued.

He concluded by urging citizens to take an active interest in the problems of government and warned: "The greatest danger which our country has to face today doesn't come from those bombs or missiles which the Kremlin leaders have accumulated but from the ignorance, indifference, the complacency, the taken-for-granted attitude and the apathy of hundreds of millions of otherwise honest, straightforward American citizens."

Con Man Is Held In Stock Swindle

PHILADELPHIA (AP) — Gilbert Golden, a stock broker described in court as "an out-and-out confidence man" is being held in \$1,000 bail for grand jury action.

The Pennsylvania Securities Commission has brought charges against him that include embezzlement, fraud, false pretenses and issuing a worthless check.

Five witnesses appeared against Golden in Central Police Court Monday. They testified that they were unable to obtain either their money or stocks after transactions with Golden's company, Fraser & Co., which went bankrupt last year.

Lawyers for the commission said that losses to investors are more than \$100,000.

Grocer Charged On Tax Evasion

SYRACUSE, N. Y. (AP) — An Auburn grocer has pleaded innocent to charges of attempting to evade federal income taxes on income the government estimates at \$45,253.

Frank Wittecki was arraigned Monday before Judge Stephen W. Brennan of U.S. District Court. Wittecki also was charged with the failure to file an income tax return.

The government contends Wittecki owed \$12,327 in taxes on \$45,253 in joint income with his wife for 1956 and 1957 but reported taxable income for those years of \$23,241 and paid a tax of \$4,774. Wittecki also was accused of failure to file a return on gross income of \$21,340 in 1955.

Multiple Death Fires Increase

BOSTON (AP) — Casualties in multiple-death fires reached a record high of 982 last year in the United States and Canada, the National Fire Protection Association reported today.

It said, "a single sweep of fire through their homes virtually wiped out more than 100 families."

The 1961 figure of 982 victims in 169 multiple-death fires is a 15.5 per cent increase over the 850 lives lost in 151 similar tragedies the previous year.

CRUSHED TO DEATH

CHESTER, Pa. (AP) — A construction worker, Donata Morlette, 63, of nearby Wallingford, was crushed to death Monday by a front-end loader. He was driving the vehicle onto a trailer at Upton when it slipped off and overturned.

BLAME PAPER MILL

LANCASTER, Pa. (AP) — The Lancaster Health Inspector blames a paper mill 30 miles away for what he calls a noxious odor in Lancaster County. Dr. Charles W. Selemeyer said Monday the smell came from the decomposition of paper pulp and from the smoke stacks of the Glatfelter Paper Mills in Spring Road, York County.

Members presented a skit on teen-agers and their problems. Several Seniors from the audience were invited to give their opinions on dating, allowances, appropriate dress for school and responsibilities at home. A discussion on "Values," what they are, their sources and how they influence our decisions was held. Included were reports from the national meeting as taken from the organization magazine "Teen Times."

The sponsoring product for the show was the new meat cook book, "Favorite Recipes of Home Economics Teachers All Over America," being sold by the local chapter.

Students participating were, dramatizing the commercial and introducing, Judy Brown, Maria Sanchez, Sandy Arter and Nancy Koomt; taking part in the skit and panel discussion, Deanna DeGroot, Susan Bechtel, Carol DeHoff, Freda Arentz, Sally Brown, Donald Jones, Mary Jane Harmon and Paul Bowman. The announcer for the program was Debra Shoemaker. An organ prelude was played by Barry Wisotzkey.

Lt. Col. William B. Free-land, deputy adjutant general for veterans affairs of the Pennsylvania Department of Military Affairs, recently presented the following statement to Cong. J. T. Rutherford, chairman of the subcommittee on national parks, with reference to the need for two more national cemeteries in Pennsylvania:

The veteran population of Pennsylvania is approximately 1,642,000 with 25 per cent of these veterans above 50 years of age or about 410,500 veterans.

All veterans are now reaching the age where the trials and tribulations and the insecurities of life are beginning to take their toll and thus, their susceptibilities to the ills and infirmities of age are becoming increasingly greater. In addition, many veterans have service-connected injuries and disabilities that inevitably detract from their life expectancy. It is therefore reasonable to suppose that in the immediate years ahead a greater number of deaths among these veterans can be expected.

In 1965, approximately 13,395 Pennsylvania veterans will die. About one per cent will request burial in a Pennsylvania National Cemetery—therefore 134 graves will be required in 1965. In view of these calculations, it is apparent that the ultimate number of grave sites required for the present living 1,642,000 Pennsylvania veterans will be about 16,400 graves. If the wives of these veterans also request burial with their husbands, this number would be increased accordingly. Of course, it should always be kept in mind that during the prolonged periods of the "cold war" thousands of additional Pennsylvanians now serving their country would also apply for final burial in a national cemetery. This number is an unpredictable figure—but allowance for same should be considered in the final determination for future graves.

At a meeting of the Joint Veterans Council for Pennsylvania, it was indicated that a wise choice of location for a new national cemetery in Pennsylvania would be on ground adjacent to but outside the boundaries of the present cemetery and historic Civil War Battlefield at Gettysburg. It was pointed out that a new national cemetery at this site could also act as a centrally located memorialized burial center for the veterans.

erans of states adjoining Pennsylvania.

Gettysburg is in very close proximity to many of the famed national shrines of American history, of the Civil War, the Revolutionary War and the colonial period. It could be expected that a national cemetery adjoining these historical shrines would attract relatives and friends and also many tourists to visit the graves of those heroes of our country's wars who are buried in this hallowed ground. Many of these people would go on to visit the other historical shrines. These pilgrimages would engender a rebirth of pride and patriotism in the deeds of our forefathers.

It was also the consensus of thinking of the Joint Veterans Council at its meeting that the 100th Anniversary of the Battle of Gettysburg (1963) would be a very appropriate time to dedicate the new national cemetery.

A location for a second cemetery in Pennsylvania was discussed and no actual location was given preference although it is agreed that somewhere in western Pennsylvania would be the most logical location.

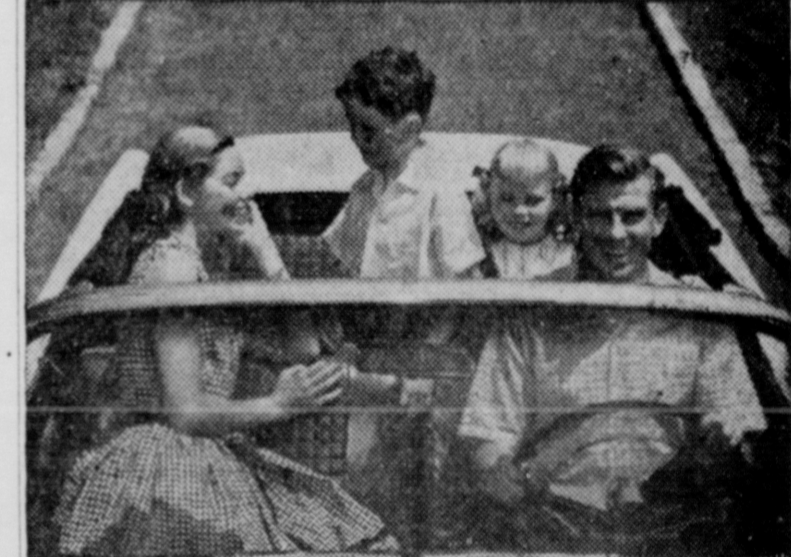

In the event the Gettysburg location would not be feasible—an area near Indiantown Gap Military Reservation east of Harrisburg, Pa., and about 40 miles from Gettysburg is suggested.

It is the desire and the hope of veterans in Pennsylvania that the subcommittee of which you are chairman will see fit—in its deliberation—to recommend to the full committee and through them to the Senate and the full Congress that one or more national cemeteries be established in Pennsylvania in the very near future.
